Efficient Solutions in Motion:
Empowering Your Logistics Needs with Precision and Reliability

www.pirisroad.iq

About Us

Piris Road is a logistics company that provides effective logistics solutions for all your shipment and transportation requirements. Incorporated on the 1st of March, 2024, the company is a limited enterprise that is structured to maximize efficiency in business functions, consisting of finance, operations, and coordination departments, which is managed by the leadership of the CEO. Through this, we are committed to providing different services to companies for the safe passage of freight and consignments to streamline and optimize business processes.

Our expertise in the logistics industry extends to innovative services for Air, Ocean, and Land freight, along with Logistics, Cross Border Truck assistance, Customs Clearance, Cold chain logistics, and Project Cargo. We also provide the associated assistance through warehousing, detailed reports and plans, inventory management, and global trade procedures. All of these are based on international standards and protocols, and our substantial network, and we offer these at competitive prices. We are determined to maintain high quality and timely support in our operations through our skilled and reliable staff, who work productively across our networks to fulfil client expectations effectively.

Furthermore, we are also dedicated performing our duties in a sustainable manner to safeguard the environment and fulfill our social responsibility. We take cognizance that this is an important part of our work and ensure that each project is in due compliance with environmental protection measures.

MISSION

The company endeavors to provide quality services in the domain of supply chain and logistics to aid the transfer of goods and ensure the overall growth of our business partners, to establish our role as an industry leader.

VISION

Through an extensive range of services and facilities, we seek to offer best-in-class services for the systematic and seamless transportation of goods to promote efficiency across supply chain and engage in activities conducive to the environment.

Our competency as a premier logistics company extends to a wide range of services for Air, Ocean, and Land freight, along with solutions for assistance related to transit based on internationally accepted protocols. They include the following:

01

Logistics: For the movement of goods across the globe through air carriers, shipping networks, land transportation, and cross-border truck assistance.

02

Customs Clearance: This is integral to our work as it ensures the smooth delivery of goods along our efficient supply chains.

03

Cold chain logistics: This involves specialized services that facilitate the movement of temperature-sensitive goods.

04

Project Cargo: The effective management of our team which can transport heavy or high-value goods between national and international locations.

05

Warehousing: Along with the transportation of goods, we also provide best-in-class warehousing facilities for storage.

06

Inventory Management: For this, we assess the status of your cargo and provide the necessary records for it.
