ABOUT COMPANY

Established in 2008, Al Daaajani is an exemplary addition that has been thriving across industries since its inception. Backed by a rich legacy in the Civil Construction and Mechanical Realm, Al Daaajani Global has entered the arena with a clear objective to revolutionise the industry by offering top-quality services with unparalleled precision and prompt delivery.

To date, our expertise has been directed specifically towards several crucial Maintenance and Construction projects, compelling them to be renowned as industry wonders. Each of our milestones tells a tale of perseverance and resilience to reach our goals and make our clients experience the true definition of customer-oriented services.

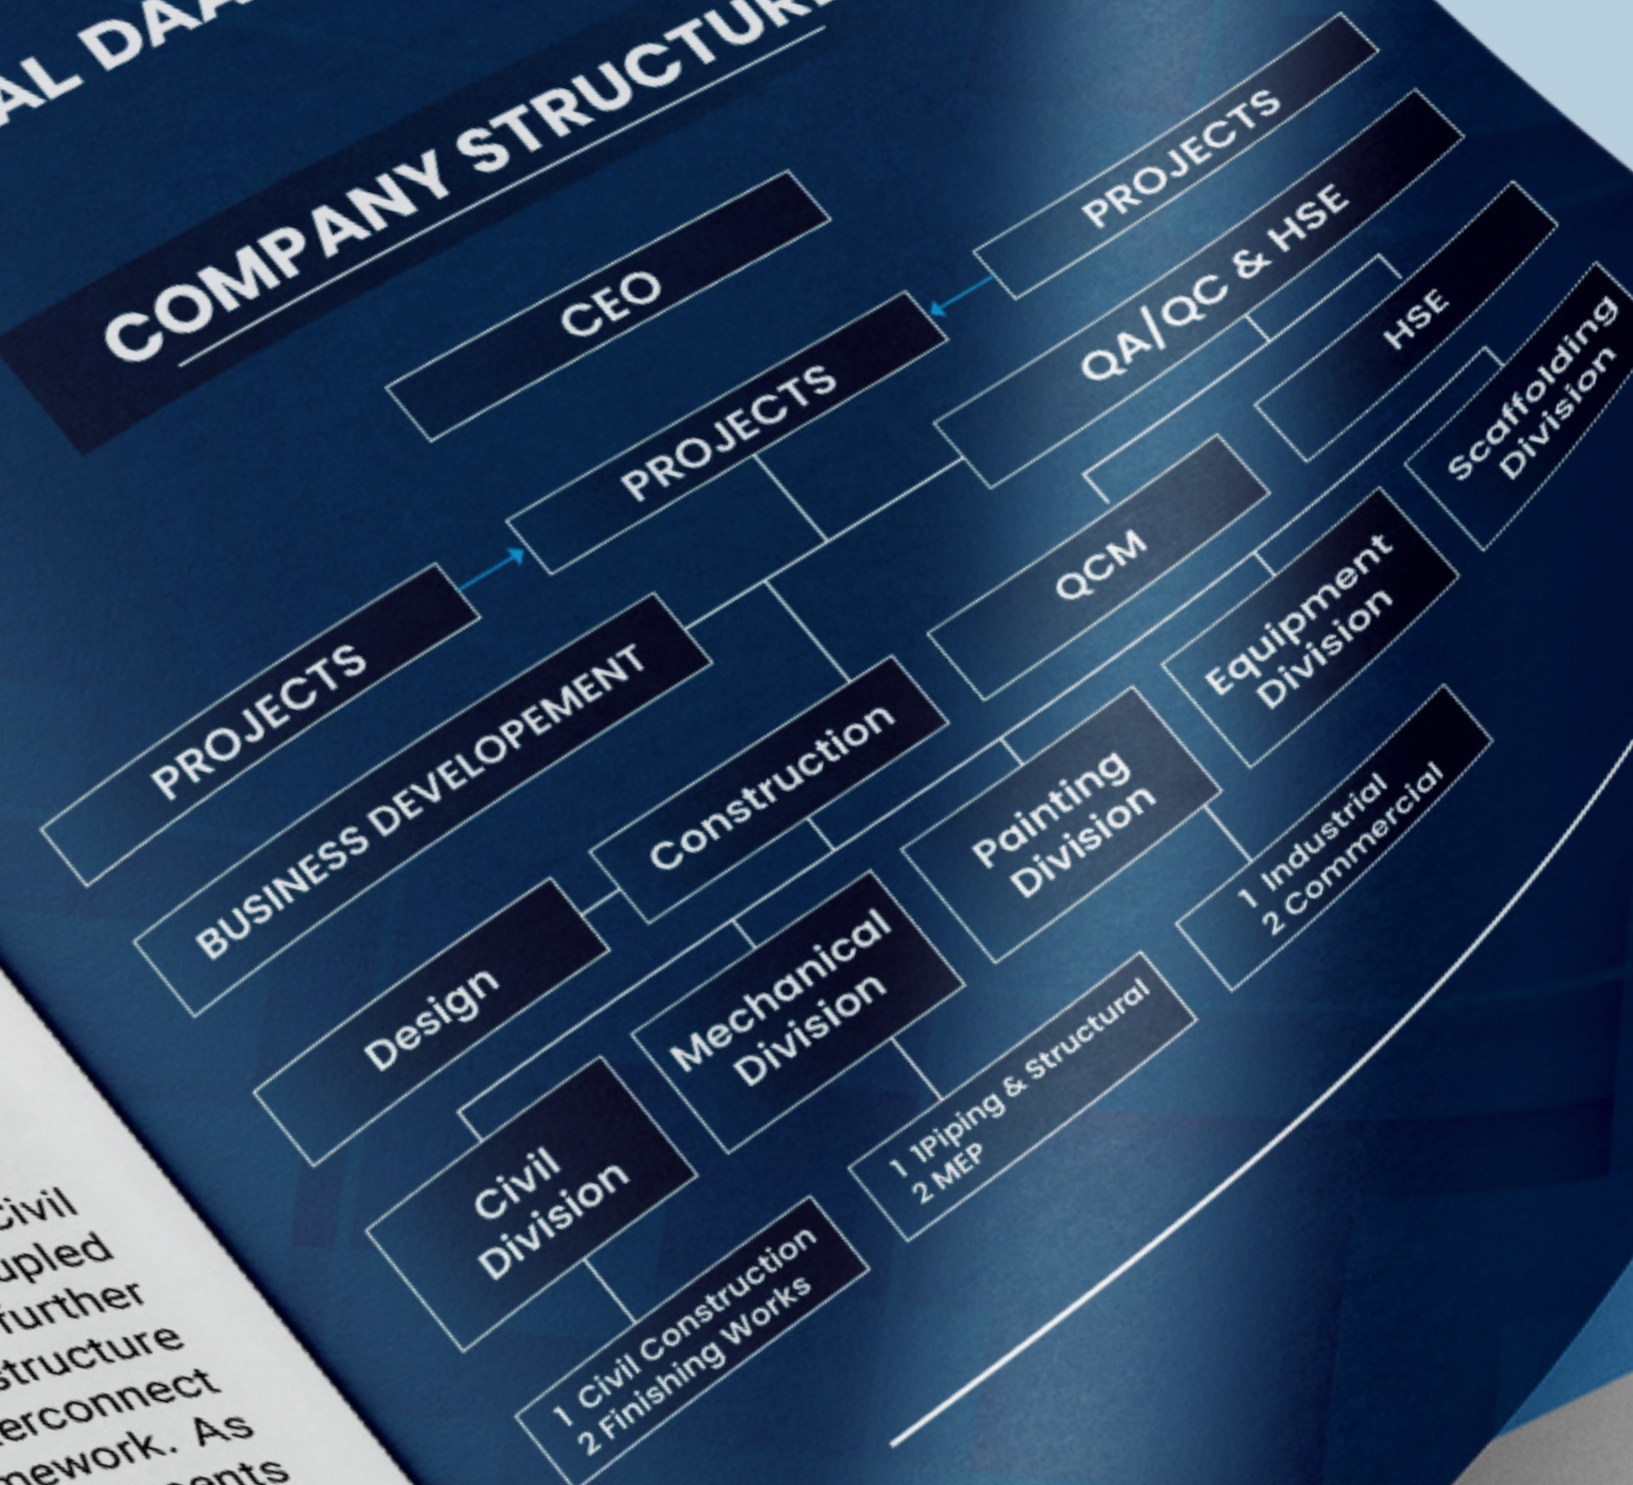

DG takes pride in our glory of serving prestigious clients belonging to the Civil Construction and Mechanical arenas. Our goal-oriented strategies, coupled with our mindset to merge futuristic technology in our approaches, further culminated to strengthen our foothold in the Commercial sector, Infrastructure & Oil and Gas Sector. Simultaneously, we could successfully interconnect sustainability, safety and top-notch quality to our operational framework. As DG values the time of our clients, we are obliged to fulfill your requirements without any delay, and our no-compromise approach towards the same has earned us massive recognition.

At present, we have the right cutting-edge equipment, craftsmanship, and a technically sharp workforce to execute any work and a strong vision to hone our service platter flexible enough to flourish in any industry in future. From start to finish, DG promises to be that torch bearer who responsibly guides any project to its utmost triumph.

MISSION

- To make our customer experience the pinnacle of customer satisfaction and to travel to any extent to reach this scale.
- To deliver products that exceed expectations in terms of technology, quality, safety and performance.
- To constantly work on our competence and make it our dominant force.

VISION

To stay true to the "Global" tagline in our brand name by expanding our services across geographical limits and by achieving unparalleled excellence in the projects we commit to. We intend to make our names echo throughout the world as a superior contractor by perfectly combining our quest for quality and calibre to innovate, thereby ingraining our clients with immense satisfaction.

WHY CHOOSE US ?

COST OPTIMIZATION

DG focuses on churning out maximum value whilst sticking firmly within the budget expectations of our clients.

QUALITY ASSURANCE

Our 'no-compromise' stance in terms of the quality of the offerings we provide to our customers gives us an upper hand over our competitors.

TIMELY COMPLETION

You can expect an instantaneous take from our side right from our initial agreement. Until completion, we guarantee a timely response to your requirements.

CUSTOMER SATISFACTION

Customer satisfaction is a part of our mindset, and by keeping this at the forefront of our services, we have managed to earn the hearts of zillions of clients across the globe.

OUR DIVISIONS

We have streamlined our entire operational framework into 2 major divisions - Civil Construction and Mechanical. Filled with an exceptional set of skilled technicians, guided by leaders whose hearts and minds have targeted nothing less than tremendous success in the projects they commit, their collaboration sparks a fine mix of value, durability, timeliness and effective usage of resources.

Civil Construction Division

The ongoing reign of DG in the civil construction realm explains the supremacy we enjoy in the industry. Backed by seasoned engineers who have a solid 18-20 years of experience in spearheading major projects and thriving around diverse sorts of technologies, we have honed our qualifications and abilities to execute projects irrespective of their parent industry. Throughout the years, DG has earned the trust of our clients by offering:

- Concrete Work for Foundations, Pipe Supports, Industrial Grade Slabs & Buildings.
- Earthworks, Area Developments, Excavation, Backfilling
- Construction of Industrial, Warehouses & Office Buildings.
- Temporary Project Facilities
- Construction and Maintenance of Man Camps and Dining facilities
- Steel Structural Fabrication for Pipe Supports, Pipe Racks, Embedded Items, etc.
- Design, Engineering, Fabrication & Erection of Steel Structure Buildings

OUR DIVISIONS

Mechanical and Painting Division

DG has recruited seasoned professionals who consider their job as an art. Therefore, they combine their engineering brilliance and inner aesthetics to shoulder all kinds of Mechanical and Industrial Painting works. With a strong command over Spool Fabrications, Fire Fighting, Bolt Torqueing, HVAC and Industrial Painting activities, this division is a backbone that keeps DG's reputation upright, firm and consistent. We majorly thrive in:

- Fabrication and Installation of Pipe Spools & Steel Structure
- Putty Wrapping, Bolt & Nut Torqueing
- Hydro Testing
- Equipment Erection
- Industrial Painting
- Pre-Commissioning Support
- Supply & Installation of HVAC Package Units, Split Units and Duct
