

P B MATHAPATI ENTERPRISES

CORPORATE **COMPANY** PROFILE

Engineer & Contractor

A Trusted Name in Civil and Electrical Services Nationwide

About Our Company

Established in 2014 at Kalaburagi, Karnataka, P B Mathapati Enterprises is a renowned civil and electrical contracting organization throughout India. We specialize in a wide variety of services including Earthworks, Roadworks, Material Supply, HT/LT Electric Works, Transformer and Substation Fitting, Electrical Wirings, and Earthing Solutions. What makes us unique is our commitment towards tailor-made service, quality work, and timely project delivery. With the help of a team of competent engineers and professionals, we combine technical expertise with imaginative thoughts to give perfection to each project. Under the guidance of Mr. Prabhudev Mathapati—a 15+ year experienced engineer turned successful entrepreneur in the engineering and IT sectors—our business is growing with honesty and precision. From roads and public infrastructure to the government and private enterprises, we have gained the satisfaction and trust of our customers across the country.

Our Vision

To be a nation leader in electrical and civil contracting by providing innovative, sustainable, and high-quality infrastructure solutions that support India's development while upholding the highest standards of integrity, safety, and customer satisfaction.

Our Mission

Our objective is to provide dependable, efficient, and cost-saving civil and electrical solutions by means of modern engineering techniques, qualified manpower, and state-of-the-art technology. We intend to establish long-term associations by way of quality, timely completion, and total customer satisfaction in all our projects.

Our Services

We, at P B Mathapati Enterprises, happy ourselves in providing a full spectrum of civil and electrical contracting services that cater to the developing infrastructure needs of contemporary India. We combine technical skills with site experience to execute each project with accuracy, security, and speed. We design our services for government, private, and institutional clients, focusing on a smooth merging of engineering expertise and dependability.

Our Core Services are:

Civil Works : Earthworks, road construction, lake desilting, and structure development for highways and public works.

Electrical Works : HT/LT installations, electrical pole installations, transformer and substation installations, and earthing systems.

Material Supply : Road, rail, and building construction materials of top quality.

Building Electrification : Turnkey wiring and installation solutions for residential, institutional, and commercial complexes.

Subcontracting Services : Assistance to major contractors in infrastructure, railways, and power projects in India.

Our Projects

Key Projects Completed/Under Progress:

1. **Ekalavya Model Residential School (EMRS)**, Chitapur: Internal Electrical Installation
2. **Jawahar Navodaya Vidyalaya School**: High Tension and Transformer Electrification for Drinking Water Facility.
